SCRUBBERS LINE

M360
M460

SMALL ENCUMBRANCE, EXCEPTIONAL PRODUCTIVITY

THE M360 AND M460 ARE TWO NEW, COMPACT WALK-BEHIND SCRUBBERS, IDEAL FOR THE THOROUGH CLEANING OF SMALL SPACES YOU COULDN'T SCRUB BEFORE, AND SUITABLE FOR AREAS RANGING BETWEEN 2,150 ft² AND 16,150 ft².

The machines are available either driven by one or two 12 Volts sealed batteries, which allow for up to an impressive 2h40 minutes of continuous operation, or cord powered, for unlimited running time.

The brush, or the abrasive pad, can be rapidly replaced without need of tools

The water hose and the vacuum hose are incorporated within the handle bar, for better protection, easier maintenance, and easier detachment of recovery tank.

For safety reasons, the machines can be started by a convenient starting key.

The handle bar can be adjusted to the height for better operator's comfort.

The controls are fully visible and very intuitive.

THE NEW ECO LINE OF SCRUBBERS

Is made up of 13 models, available in 27 versions, and is ideal for the thorough cleaning and maintenance of small, medium and large size areas.
The scrubbers are available either push-type or ride-on, and upon request can be equipped with the new, exclusive ECO system (patented), which breaks water economy and detergent saving barriers, and has won several awards (among them, the Veneto Sviluppo award issued by the University of Padua).
The system has been designed to guarantee impressive labour/water/detergent savings, and boasts a productivity rate 3 times greater than traditional systems.
